

## PARENT TEACHER ASSOCIATION

The role of education for the betterment of the society cannot be neglected. In order for the school to function effectively for the student's welfare, it is important for both teachers and parents to come together. This is well achieved by the Parent Teacher Association (PTA) in the school.

The main aim of the PTA is to enhance and improve the children's learning experience. It does not take much time to start with the PTA association. A single parent is more than enough to grab the attention of many others.

### **Why is the Parent Teacher Association needed**

For a school to function better, it is important for teachers and parents to come together. A parent surely wants to know everything is going on well in the school, including the teachers and school management.

The same goes for teachers too, in which they want to know the social background, interests and so on of the students. All this actually works to the benefit of students. Knowing more about a student helps teachers to cater to their needs accordingly.

### **Why should Parents Take the Initiative**

Parents expect teachers are there to take care of their children. Though it is true to some extent, as a parent, it is wise to take the initiative by being a part of the PTA.

When being a parent, it helps them to know how the school works, problem faced by children, and so on. The PTA work towards improving and enhancing the life of students and the school as the whole.

### **Benefits of PTA**

One of the greatest benefits associated is that it helps teachers to understand students from the parent's perspective and vice versa.

It helps parents to know all about the functioning of the school, problems and so on. It works towards making the school better and the best place to get a quality education. In this, it is the teachers and the parents that sit together and discuss various issues regarding school and even a particular student.

The overall aim of PTA meeting is to ensure the school offers the best learning experience for the students keeping in mind their needs.

## The Aims of the Parent Teacher Association

Develop effective relationships and communication between the staff, parents and others associated with our school. To organise events and activities for the enjoyment of our students, their families and the wider community.

The PTA is also very conscious of the ethos and morals of our school and when organising and planning events we will continually try very hard to respect this. More than anything else we want to support, speak out and make a difference on behalf of our students and encourage parent involvement in our school.
